This is a
one inch
square.

The center square is 1.5" finished and the "logs" are each .5" wide, finished. The block can be made traditionally by cutting the center square at 2" and cutting strips at 1" wide, and using a 1/4" seam allowance. However, for better accuracy, it is recommended that you copy the above block four times onto paper and use it as paper foundation. The block finishes at 6.5". Make four block using darker fabrics diagonally on one side and lighter fabrics diagonally on the other side.

Position as indicated in the thumbnail above, join the four blocks, and add the frame from background fabric.
